ABORIGINAL CONSERVATION PROGRAM

REMINDER!

Thank you to those Moose Cree First Nation members that applied for the above program. All successful applicants will be receiving a phone call from Samantha Doolittle of the AborGroup to schedule a home energy audit at the end of the month. A reminder: the purpose of the program is to improve energy efficiency in your homes through replacing old fridges and freezers, install energy efficient light bulbs, water aerators, etc.

Samantha Doolittle of the AborGroup will be calling all selected applicants this week (January 20-24) to set up a time for them to conduct the energy audit in your home. When she calls, the phone numbers that will show up are 519-445-1660 (Caller ID: AborGroup) OR 289-684-1442. If she leaves a voicemail message, the call back number is 1-866-727-9677 (Toll Free).

Please note that you must be present when the energy audit is being done in your home therefore, ensure you are available.

Thank you for your cooperation. Meegwetch
