

Moose Factory Island

Community Clean Up 2016

JUNE 10
1pm-4pm

Moose Factory needs some self-care and a little T.L.C. The JRDYC Youth Council, who agrees that we all need to do our part, held a meeting this month to address this.

A plan was put forward to ask every family, school, business and organization to cooperate and participate in a community wide Clean-up day on the afternoon of June 10th.

We hope to inspire and bring everyone together as one unit to tidy up and exercise community pride.

We all love the land, on June 10, let's unite & show it.
