Free Dog Clinic!

For Moose Factory

Do you want the following?

1. To help keep your family safe and healthy
2. To help prevent your dog from getting sick
3. To help prevent your dog from having puppies

What is involved?

1. Your dog could be given vaccines (e.g. needle for rabies) and deworming medication
2. Your dog could be microchipped and registered for permanent identification
3. If female, your dog could be given an injection to keep it from getting pregnant

You ask where?

Arena Pad, Moose Factory

When:

June 22, 2016 from 6-9 pm

June 23, 2016 from 6-9 pm

***No pre-registration is required, bring your dog to one of the clinics dates and times noted above to participate**
