

LITTLE LONG DAM SAFETY PROJECT

INFORMATION SESSION

MONDAY, OCTOBER 1, 2018

6 p.m. - 8 p.m.

Kapuskasing Indian Friendship Centre Community Kitchen
Room

The Little Long Dam Safety Project will be adding more sluiceway gates to safely pass a large-scale flood at the Little Long Reservoir.

Construction is slated to begin in 2020.

Please join us to learn more about this project, including information about accessing employment information and the proposed design.

Refreshments will be provided.
