SPRING 2017

HARVESTERS SUBSIDY PROGRAM

SEEKING GOOSE DONATIONS FOR FOOD STUDY

The Lands and Resources department is conducting a food study and requires one Canada Goose from each hunting camp within the Homelands. We would like to determine the condition of our spring traditional food. This food study is similar to the AFN food study that was conducted years ago.

Please note that we require the goose to be plucked and have organs intact prior to being dropped off at the Moose Factory or Cochrane office.

For more information, please contact:

Jack Rickard, Director of Lands and Resources, at 705-288-6760 or jack.rickard@moosecree.com
Stan Loone, Harvesters Support Program Coordinator, at 705-658-4619 ext. 315 or hspc@moosecree.com
