MEENWATCH'HEEWOUWAAN MASKINNOU

This journey will commence on February 5th, 2016 from Moose Factory Ontario, and expected arrival date approximately around second week of March 2016 in Chisasibi, Quebec.

We will begin from Moose Factory Ont. Our first destination will be walking to Waskaganish, Que. then on to Eastmain, Que. then to Wemindji, Que. And our journey will finish off in Chisasibi, Que.

This journey that will be taking place was once a dream for a Nishiiyuu Cree woman from Chisasibi, Quebec.

Christine Chewanish has survived from many forms of abuse. She has shared her story with many people in the Cree territory, Now she wishes to expand her healing through a Journey to bring balance with Nishiiyu in the territory.

Her story unfolds from all the hurt she carried with all the years growing up and on to adult life. Now, with her head up high she looks at things she has encounter in her life in a positive way to grow as a Nishiiyuu Woman. A balance to have love, compassion, forgiveness and wisdom to understand and help others who are searching for answers.
