TRANSLATION AVAILABLE

LIGHT REFRESHMENTS WILL BE SERVED AND YOU CAN ENTER A RAFFLE TO WIN ONE OF SEVERAL DOOR PRIZES

The Mushkegowuk Council is undertaking a Feasibility Study to assess and recommend the preferred alignment for an all-season road to connect the communities of James Bay to each other and to the Ontario Highway 11 corridor to the south.

Information will be presented on study progress and the various alignment alternatives. The event will include a facilitated interactive dialogue session to seek community members' perspectives and input.

COMMUNITY VOICES PLAY AN IMPORTANT ROLE IN OUR STUDY
