

Ontario Energy Board

ONTARIO ENERGY SUPPORT PROGRAM (OESP)

WHAT IS OESP?

If you are a customer of an electric utility and in a lower income home, you may qualify for a reduction in your electricity bill through the OESP. If approved, OESP will reduce the cost of your household electricity by applying a monthly credit directly to your utility bill. The amount of the credit is based on two factors: (1) how many people live in the home and, (2) total combined household income.

Are you a low-income household & want to lower your hydro bill?

An OESP Intake Worker from the Ontario Native Welfare Administrators' Association (ONWAA) will be in Moose Factory. If interested, please book an appointment with Social Assistance – Verna Cheechoo 705-658-4619 extension 222.
