As apart of our Project, the team from Stantec will be back in the Community on August 8th and 9th, and will have a booth set up during the Gathering of Our People. We encourage you to come check it out, view the preliminary report, and share your thoughts, ideas, concerns about Climate Change—and how our community can prepare for this Adaptation. We have started to see some effects of this global element here in our homelands and we hope we can proactively plan & prepare.
