I, \_\_\_\_\_, request travel subsidy for the spring hunt season. I understand that if I receive assistance for the 2019 season does not mean that I will automatically qualify for assistance in the future. I agree to participate in the a follow up survey after the spring harvest season. Any abuse in privileges will result in the suspension of benefits for a period of twelve months. I understand if any required fields are not completed, my application will not be considered. I agree those who are priority will be given subsidy first. On my honour, I declare that all information and statements on the application are true and correct.
