Reconvening the Advisory groups to give one final review of the Internal Community Consultation Protocol, a process that began in 2011 for the citizens of Moose Cree First Nation. The question was asked to the community, **“how would you like to be consulted?”**

We have now developed a series of steps in how to consult with everyone that would be affected by future research or resource development projects within our Homelands.

For more information, please contact Jessica Winger, Consultation Coordinator by phone at (705) 658-4619 ext. 249 or by email at jessica.winger@moosecree.com
