ATTENTION DOG OWNERS

Now that the school year has begun, it is very important that dogs running at large are addressed by **you**, the dog owner.

For your dog's safety, and more importantly, the **safety of our children**, please tie up your dogs and/or keep them confined within your yard.

Monitoring and removal of strays and dogs-at-large will continue as we strive to address this public safety concern.

Your cooperation is appreciated.
Meegwetch.
